Dances With The Stars

The Universal Contour Wrap was welcomed in LA by the celebrities and professionals of ABC phenomenally successful show 'Dancing with the Stars.' Cheryl Burke, Julianne Hough, Coryy Bellas, Cloris Leachman and Karina Smirnoff all eagerly accepted their Universal Contour Wrap Guaranteed inch loss and de-toxification treatment.

Karina Smirnoff couldn't wait to get started , "I would like to do it before Monday, I'm going to a promotion for Dancing with the Stars and all i get to wear is covers my nipples and stuff."

"I love it," Coryy Bellas already knew of the treatment and couldn't wait to get his stomach wrapped. These stars all look fabulous already, but every little bit helps, when looking good and floating on air are so important.
