

SeaClay Hydrating Spray - 225ml (8fl oz)

This pure, luxurious spray is essential for maintaining well-balanced skin. It helps enhance your skin quality by moisturizing, hydrating and restoring important nutrients. Combined with skin-care science, the ingredients include concentrated minerals and vitamins from selected sea plants which help promote healthy, younger looking skin.

Directions For Use

Use after bathing, a day in the sun or tanning bed, or after your favourite body-care treatment as an everyday skin hydrator. Just spray on freely and smooth gently onto the skin.
